

Task 1: Candidate Screening Profile Pool

Target Placement Profile: **HR Manager (People Operations)** • Client Organization: **Happy Folks Club (Dosti Program)**

Evaluation Asset: 20 Live Profiles

Evaluator Instructions (Anti-AI Selection Design)

This dossier is explicitly structured with ****nested behavioral tradeoffs****. Simple academic scores or text length will result in bad selections if processed via standard AI loops. You must evaluate for **Intergenerational Empathy, Operational Discipline, and Adaptability to a fluid student-to-senior citizen environment**. Shortlist exactly 5 profiles and provide a 2-sentence structural defense for each selected id.
